 Available C.O.M. / C.O.L.

Required Fabric For Upholstery: 0,40 Lm / 1.31 ft
 Required Leather For Upholstery: 0,70 Sq m / 7.53 ft²

Gross Weight: 11,00 kg / 24.25 lb

Volume: 0,42 Cbm / 14.83 ft³

Box Dimensions: w 730 x d 680 x h 830 / 28.74" x 26.77" x 32.68"
 1 per box

SIZE

STANDARD FEATURES

FRAME

Pressed, molded 13 mm thickness, beech wood multilayer frame. Beech plywood 13 layers x 0,1 mm thickness, FSC certified, 8 wooden dowel pins to connect the seat and back, adhesive vinyl ureic Class E1.
 Seat panel made with stratified curved beech plywood, 4 mm thickness.

TOP FRAME FINISHES

As per catalogue finishes.

All components used are made in full compliance with EC regulations, E1 class materials. FSC certified.

UPHOLSTERY

Seat foam made of flexible polyurethane, crushproof density D40/PK, 17 mm thickness. CFC-free.

BASE

Four legs frame, made of conical tubes steel in round shapes Ø 22/16 mm thickness 1.5 mm. Swaging the tube into a conical shape means to reduce its diameter by keeping this decrease constant throughout the required length. Swaging is a cold working process which involves special tools to hammer a round work piece into a smaller diameter.

Anti-slip polyurethane rubber glides, assembled suitable for any type of flooring.

Chantal includes a comprehensive range of coloured epoxy and polyester powder coatings. We grant a smooth and consistent finish with a deep and lasting luster, however just as with the paint on your own car it will still scratch and chip if it is subjected to impacts, especially around the edges. If you order Chantal chairs with the painted finishes your products will be cleaned and keenly inspected before leaving our factory in robust individual boxes to avoid any possible damage that could occur in transit. Sitia will not be held responsible for any damage caused to these shells in use.
